

MIAH HARPER

SOFTWARE ENGINEER

CAREER OBJECTIVE

Recent Software Engineering graduate with fundamental knowledge of software design, development, and testing. Seeking to utilize broad educational background with excellent analytical, technical, and programming skills to thrive as an entry-level software engineer. Proficient in C#, HTML, CSS, MySQL, and ASP.NET MVC. Certified SCRUM Master.

EXPERIENCE

CityBones - ASP.NET MVC/ MySQL/ HTML/CSS/ Dapper
<https://github.com/Miah-Harper/CityBonesWebApp>

A contracted ASP.NET MVC project taking client requests to build a company website with store application using both JavaScript and C#.

BestBuy - Mock Inventory- ASP.NET MVC/ Dapper/ MySQL
<https://github.com/Miah-Harper/BestBuy>

Created an ASP.NET MVC project to simulate an inventory management system with employee sales records. This implements a repository design pattern to isolate data access logic and business logic. Focused on CRUD operations.

Taco Parser - .NET CORE/ SQL/ XUnit
<https://github.com/Miah-Harper/TacoParser>

Utilizing a parsed Geolocator API to collect data and create a base for comparison. Allowed the user to find the furthest distance between two Objects. Applied Test Driven Development to ensure accuracy.
